The academy organized by “Festival en Vallée d’Olt” provides a unique opportunity of combining internationally renowned teachers with the magnificent and picturesque landscape of the upper Vallée du Lot. Opened to musicians of all ages, the Academy is specially suited for those wishing to improve their skills especially in Chamber Music. The Academy offers very good studying conditions (groups of no more than 12 to 14 students) in a pleasant and typical small town. Students may also work with their ensembles, if applicable, and will give several concerts.
